Dear Colleague

### **Claiming for NRT payment on PharmOutcomes**

From the 1st January 2018, NRT voucher and associated claims for pharmacies in the Gateshead area are to be processed via PharmOutcomes. All fields must be complete and accurate.

Vouchers must be entered onto PharmOutcomes no later than two months after the end of the voucher 4 week voucher period and Gateshead Council Public Health Services will generate the monthly claim report from the system for all pharmacies and send the report to Gateshead Council Finance for payment.

Please could providers continue to collate the vouchers where NRT products have been dispensed and submit them to Gateshead Public Health, Civic Centre, Regent Street, Gateshead, NE8 1HH as per the current service specification for NRT Through Community Pharmacy.

Service user monitoring forms for quit attempts using the online database provided by the council remain unchanged.

Please ensure that all staff are aware of these changes

Yours Sincerely

Paul Gray  
Public Health Programme Lead
